

IFS Scandinavia will be hosting *Manufacturing Forum* on May 11th at Arlanda, and Curit would like to invite you to be a part of it.

For the third time in a row, this event brings customers, peers and experts together for a memorable industry forum. The goal is to share lessons learned, present new possibilities and look ahead to see what's next for Scandinavian manufacturers.

This year the event takes place at Radisson Blu Arlanda Airport Conference. There is a limited amount of seats available, so remember to save the date and register today.

Here's a few of the presenters, topics and activities for this year's forum:

- **EQT's Sven Törnqvist** – *Digitizing the Future*
- **IFS EOI** – *Operational Intelligence in Procurement and Maintenance.*
- **SERVITIZATION** – *Do you believe in the afterlife... of your products?*
- **Online Program**

We are looking forward to inspiring presentations, thought leadership and networking.

Add the event to your calendar.

Register for the Event.

PROGRAM

On the second page you can see the entire program. Key Topics:

- Digital Transformation
- Servitization and Aftermarket
- IFS EOI and Product Estimation Management
- Group Discussion

REGISTRATION

There are already registrations coming in and the capacity is limited, so make sure to register as soon as possible.

If you have any questions about your booking, don't hesitate to contact **Alexander Fjelltveit** at IFS.

LOCATION, DURATION AND COST
